Registration for FHCi HPx Programs. Memorandum of Understanding

I understand that Dr. Brian Di Diego, ND, is the HPx Practitioner for the administration of this program. I understand that he is a Naturopathic Doctor. However, he offers Homeoprophylaxis (notated below as HPx) as a part of homeopathic medicine prescribing in accordance with State MN Statutes Chapter 147E. He is offering to me HPx Programs as outlined by Free and Healthy Children International (FHCi) and he is an agent of FHCi for the administration of the HPx program and will serve to be my direct point of contact for any questions regarding the administration of the program or response that may occur.

- € I understand that within The Organization of FHCi no doctor-patient relationship exists between FHCi and Patrons but only the access to HPx Practitioners and HPx Programs.
- € As I am voluntarily choosing this method of disease prevention, I will not hold the HPx Practitioner or FHCi financially liable for any particular outcome regarding the health of myself or my child(ren).
- € I understand the purpose of HPX is to stimulate my or my child's health and immune system so that it will become less susceptible to contracting infectious contagious disease. This immunological stimulation is intended to demonstrate healthy immune response such as mild fevers, discharges, mild mood and energy influxes as the individual reconciles the disease agent. These responses are short-lived (12-48 hours) and demonstrate healthy immune function.
- € I agree to contact my HPx Practitioner for any immunological responses I have concerns about.
- € I understand that no method of prevention can be guaranteed to be 100% effective, vaccination or HPx, and that my child, if exposed to a particular infectious contagious disease, may in fact contract the disease. I also understand that with any form of prevention there are risks and responses that may occur.
- € I agree to discuss my concerns with the HPx Practitioner and to seek appropriate medical treatment, homeopathic or otherwise, should the need arise.
- € I attest to the fact that through engaging with an HPx Practitioner I am not misrepresenting myself by any means or manner to be anything other than a parent looking for HPX for me or my family.
- € I enter into this agreement of my own free will on behalf of myself and/or my dependents without any pressure or promise of cure or disease prevention. I affirm that I do not represent any State or Federal agency whose purpose is to regulate and approve products, or to carry out any mission of entrapment or investigation.
- € I have read and understood this document, and my questions have been answered fully to my satisfaction. I understand that I can withdraw from this agreement at any time.

Payment of the program costs and delivery of these signed documents to an HPx Practitioner is considered sufficient for my one-time registration for the duration of participation of the select HPx Program as outlined by FHCi. Term begins with the date of submission of this contract.
